- B. 10-25%
- C. Less than 10%

If you mostly chose option A, you are in a good shape in terms of your IT AS-IS state.

If you mostly chose option B, you may consider assessing how your business needs are reflected in your IT actions. You can conduct this assessment internally or involve external advisor.

If you mostly chose option C, you are in need to conduct independent IT assessment to understand the root causes and devise an actionable improvement plan. ABC can help you with this assessment.
